

The goal is for participants to have the linguistic level sufficient to gain the maximum advantage of their stay abroad. The languages that are considered required for participants are English, French, German, depending on the destination country or language required by any institution or enterprise. For countries that do not have an official language of the four, is considered English as a compulsory language. The minimum level required in these four languages will be: B1. Each school may require its students, according to the specific requirements of the target centers, a higher level. Promote language learning through tools and computer equipment (design of new methods and educational resources, and support for innovation). Creating a virtual classroom where students can exchange experience with other institutions online self-study courses. World Languages Program. Intensive foreign language course providers within or outside the HEI
